

Hello and thank you for contacting My RV Inspection. We appreciate your business and look forward to providing the most thorough and advanced RV inspection available in today's RV market.

We are full-time RVers so we understand the lifestyle of living in an RV. Both Jason and Lisa have been trained and certified by the NRVIA (National RV Inspectors Association) as Level 2 inspectors. Also, we are both RVDA/RVIA Registered Technicians. What we find during an independent inspection can sometimes save you money during negotiations.

Dealerships may try to tell you that an independent inspection is unnecessary since they do their own (PDI) pre-delivery inspection. Private sellers may offer maintenance records in lieu of an inspection. Rest assured, they do not have your best interest in mind.

Our current price for a Grand Design Solitude 380FLR is \$1220 in , FL. Our availability can be found on our [Booking Page](#).

This is why we believe our inspections are better than our competitors:

- You get two sets of trained eyes for the price of one.
- Our inspections include an educational experience as well as a relationship that extends into the future.
- We have inspected and repaired hundreds of RVs on FEMA disaster relief projects.
- We spend 4-8 hours with the RV covering approximately 130 points of inspection.
- Our software provides an interactive report which typically includes 80-100 pages.
- The reports include approximately 150-300 pictures depending on our findings.
- Each picture includes a detailed description as well as arrows and zoomed images to point out issues.
- Barring any computer issues, reports are delivered the same evening.
- We usually spend at least an hour on the phone with our customers explaining our findings and offering suggestions and recommendations.
- Easily create a "Project List" with HomeGauge to send to the seller which gives you negotiating power before you take delivery of the RV.

If you choose to move forward with us:

- **Please click this [LINK](#) to complete the form needed to begin your client file.**
- We will then send 2 emails: (1) to sign the documents and (2) to pay the invoice.
- Once the documents have been signed and the invoice is paid, your appointment is guaranteed.

You can see a **SAMPLE** inspection report [HERE](#).

We are proud of our **GOOGLE REVIEWS**. Please check them out [HERE](#).
